BRANDED EXPERIENCE

Collectors mint your **PERSONAL NFT collectibles** directly in your website, keeping a fully connected commercial relationship with your brand.

UNIQUE DIGITAL ASSETS

PERSONAL NFT collectibles are standard tokens tradable on any NFT platform but behave like **unique physical artworks viewable** on only one device at a time. Owners can lend or rent them within your branded environment so you are at the core of the experience.

STRONG ENCRYPTION DRM

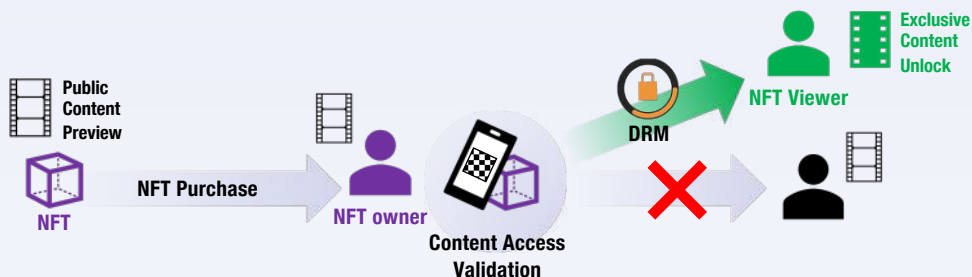

The exclusive content and services you provide in your collectibles are only accessible on a trusted device via a **branded, secure DRM application**.

SECURE BY DESIGN

The **PERSONAL NFT marketplace** was built from the start to provide a safe and trusted environment for your business, including deeply **audited smart contracts**.
